MEMORANDUM FOR: General Carter

The only things that came up in group meeting this morning which involved operational matters are as follows:

1. I feel a question of any further discussion of the reorganization of USIB which involves dropping the Service representatives should be left in abeyance, without commitment on my part one way or another, until DIA is organized properly, which will be six months or a year. ✓
2. I intend to ask the President to call a special NSC meeting to hear the recently approved National Estimate on Soviet Air Defense. ✓
3. Secretary Dillon reported Soviets selling substantial amounts of gold. I have asked Cline and Kent to see if there is any detectable reason for this from our standpoint. ✓
4. Helms was asked to check up on the question of the defection of the Cuban Ambassador to the United Nations. ✓
5. Helms was asked to check on the possibility of [redacted] [redacted] [redacted] Communist Party hierarchy who were tossed out of office and also out of the party yesterday in a drastic reorganization. ✓
